

ET'S BIO-STIM-ZYME

★ ALL NEW for 2010

Enviro-Tech of America introduces Bio-Stim-Zyme on January 15, 2010 after 18 months of research and development. Bio-Stim-Zyme is a combination of their world class PX700® Biostimulant, super-concentrated CompleteZyme "L" with 14 strains of microbes, and Synergy (a multifaceted natural enzyme with over 6,000 different types of enzymes).

Bio-Stim-Zyme was researched and developed to solve the most difficult fat, oil, and grease problems. It is specifically designed for use where all other products have failed.

Bio-Stim-Zyme's new formulation simultaneously targets the degradation of proteins, fats, oil, hydrocarbons, grease, lipids, cellulose and sugars. Bio-Stim-Zyme is fortified with biostimulants, nutrients and surfactants to enhance the biological activity and speed the breakdown of odor causing organic contaminants.

Benefits of ET's Bio-Stim-Zyme:

- Works where all other products failed
- Triple Action Product
- Fast Results
- Reduces Fats, Oils, and Grease
- Reduces Odor
- Proven Field Results
- Non-toxic, non-corrosive natural organic product

1907 SW 47th Street
Cape Coral, FL 33914
(239) 997-6300

Applications:

- Lift Stations
- Sewer Lines
- Digesters
- Equalization Tanks
- Lakes & Ponds
- Commercial Grease Traps
- Waste Water Treatment Plants

Specifications:

Form: Free Flowing Liquid
Color: Translucent, Orange-Brown
pH Range: 3.50 - 4.95 @ 77° F (25° C)
Weight: 8.5 lb./gallon

Directions for use:

Lift Stations: from .25 ppm to .50 ppm

Sewer Lines: 10 oz per day per 1,000 ft.

Digesters: .25 ppm

Equalization Tanks: 1 to 3 ppm

Lakes & Ponds: 1 to 3 ppm per surface acre

Commercial Grease Traps:

10 oz per day per 500 gal. grease trap

Waste Water Treatment Plants:

from 1 ppm to 5 ppm
