

MATERIAL SAFETY DATA SHEET

ET's Organic Defoamer

Section 1 - Chemical Product & Company Identification

| | | |
|------------------------|----------------------------------------|------------|
| Trade Name: | Organic Defoamer | SEPT. 2006 |
| Synonyms: | | |
| Product Description: | | |
| Manufacturer's Name: | Enviro-Tech of America, Inc | |
| Address: | 715NE 19th Place, Cape Coral, FL 33909 | |
| For Technical Support: | 239-997-6300 | |

Section 2 - Composition / Information on Ingredients

No hazardous materials present

Section 3 - Physical and Chemical Properties

| | |
|----------------------|--------------------------------------|
| Solubility in water: | Dispersible |
| Appearance: | Tan to pale amber translucent liquid |
| Odor: | Mild fatty odor |
| pH: | 6.0 - 7.0 |
| Melting Point | Not applicable |
| Boiling Point | Not determined |
| Viscosity @ 25°C: | 250 cups (Brookfield RVT) |
| Vapor Density: | < 1 mm Hg @ 20°C |
| Specific Gravity: | 0.982g/ml% |
| Pour Point: | Approx. -10°C |

Section 4 - Fire Fighting Measures

| | |
|-----------------------------|------------------------------------------|
| Flash Point and method: | > 200C (>400F) Pensky-Martens Closed Cup |
| Autoignition Temperature: | No data available |
| Flammability Limits in Air: | No data available |

Fire Potential (method of extinguishing): This product will ignite when exposed to an ignition source while at a temperature at or above its flash point. Use carbon dioxide, dry chemical or alcohol-type foam or universal-type foams to extinguish flames. Water spray may be used to cool fire-exposed containers. Do not enter confined fire space without proper protective equipment including a NIOSH.MSHA approved self-contained breathing apparatus.

Unusual Fire and Explosion Hazards: Wear self-contained breathing apparatus and protective clothing when combating a chemical fire in a confined area.

Thermal breakdown of this product will evolve the following decomposition products.
Burning may produce carbon dioxide, carbon monoxide, fumes, and smoke.

Section 5 - Accidental Release Measures

| | |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Spill or Leak Procedures: | Spills should be contained, solidified with absorbent, noncombustible material and placed in labeled containers for disposal. Material should be disposed of at a licensed facility. This material is not regulated by RCRA or CERCLA. Wear recommended protective equipment and provide adequate ventilation during clean-up. |
| Special Precautions: | Remove spills promptly as they may make floors slippery. Several washes and/or use of detergents may be necessary to completely clean any spill. |

Section 6 - Stability & Reactivity

| | |
|----------------------------------|---------------------------------------------------------------------------------------------------------------|
| General Information: | When used in normal conditions, product is safe. Hazardous decomposition or polymerization will not occur. |
| Materials / conditions to avoid: | None known. |

Section 7 - Handling & Storage

Avoid contact with eyes, skin, and clothing. Use with adequate ventilation. Wash thoroughly after handling. Ensure that containers are properly secured prior to moving. Keep container closed during any storage. Protect from moisture and foreign materials.

Section 8 - Health Hazard Information

Immediate Treatment / Antidote:

Delayed Effects:

Symptoms:

Eye Contact: May cause mild transient irritation, redness and / or tearing.

Skin Contact: May cause slight skin irritation upon repeated or prolonged contact.

Ingestion: May result in nausea/intestinal discomfort such as diarrhea or gastrointestinal irritation.

Inhalation: Not considered a hazard under normal use conditions.

Treatment:

Eye Contact: Flush eyes for a minimum of 15 minutes. Hold eyelids apart to ensure rinsing of the entire surface of the eye and lids with water. If irritation develops, seek medical attention immediately.

Skin Contact: Wash exposed areas with soap and water. Remove contaminated clothing while washing continuously. Discard contaminated clothing and shoes.

Ingestion: If swallowed, dilute with two glasses of water. DO NOT INDUCE VOMITING. Seek medical attention immediately.

Inhalation: Move victim to fresh air. Assist in breathing, if necessary, and seek immediate medical attention.

Section 9 - Disposal Considerations

Discarded product is not considered a hazardous waste under RCRA, 40 CFR 261. Please dispose of in accordance with all local, state, and federal regulations. It is recommended that the waste be incinerated or land filled at a licensed facility. Do not distribute, make available, furnish or reuse empty containers except for storage and shipment of original product.

Section 10 - Exposure Controls / Personal Protection

Engineering Controls: Control airborne concentrations below the exposure guideline. Ventilate adequately.

Eye Protection: Safety glasses are recommended as a minimum, but chemical goggles provide better protection.

Skin Protection: Skin contact should be minimized. Wash all affected areas prior to eating and at completion of handling. Contaminated clothing should be removed at completion of handling. Impervious gloves, coveralls or apron and boots are recommended.

Respiratory Protection: If proper ventilation is unavailable, use NIOSH/MSHA approved air purifying respirator.

Section 11 - Toxicological and Ecological Information

| | |
|--------------------------------------------|------------------------------------|
| Toxicity Testing Information: | No data available at publish date. |
| Chemical Fate Information: | No data available at publish date. |
| Carcinogenicity of Material: | None Known |
| Reproductive Effects: | None Known |
| Sensitizing Capability of Material: | None Known |
| Mutagens: | None Known |

Section 12 - Transport Information

| | |
|------------------------------------------|---------------|
| Department of Transportation: | Not Regulated |
| TDG (Transportation of Dangerous Goods): | Not Regulated |

Section 13 - Regulatory Information

Toxic Substances Control Act (TSCA) Regulations, 40 CFR 710:

All Ingredients of this product are on the TSCA Chemical Substance Inventory

OSHA Hazard Communication Standard, 29 CFR 1910.1200. Hazard Summary:

| | |
|-------------------|--------------------------------|
| Physical Hazards: | None |
| Health Hazards: | Possible eye and skin irritant |

U.S. Federal Regulatory Information

| | | |
|----------------------------------------------|-----------------------------------|------------|
| SARA 302 Threshold Planning Quantity: | Not Applicable | |
| SARA 304 Reportable Quantity: | Not Applicable | |
| SARA 311 Categories: | Immediate Health Effects - | Yes |
| | Delayed Health Effects - | No |
| | Fire Hazard - | No |
| | Sudden Release of Pressure | No |
| | Reactivity Hazard - | No |

SARA TITLE III - SECTION 313 SUPPLIER NOTIFICATION

No chemicals in this product exceed the De Minimus reporting level established by SARA Title III, Section 313 and 40 CFR 372.

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):

No chemicals in this product are subject to the reporting requirements of CERCLA.

WHMIS Classification (Canada):

Not subject to WHMIS regulations.

Foreign Inventory Status:

Canadian DSL

Section 14 - Disclaimer

The information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of this data or the results to be obtained from the use thereof. Enviro-Tech of America assumes no responsibility for personal injury or property damage to the Vendee, Users or Third Parties caused by the material. Such Vendees or Users assume all risks associated with the use of this material.
